Remote Data access feature in Sage 50Accounts Access to the school accounts for authorised users

Objective:

 \bigcirc

Schools Accounts data can be accessed by authorised personnel from any computer that has the Sage 50 software downloaded on it.

Regular Data backups are also required and are vital in the event of data corruption

School Accounts reporting from Sage 50 Board Of Management reports

Introducing Departments in Sage 50

- A Regular day to day income and expenditure will be set against the default department 0, the likes of the capitation grant will have the default option because it is used to cover a wide range of regular school costs
- A new department should be created where the school needs to monitor the expenditure of a particular type of grant or income across a range of different expense headings. For example:
 - ✓ Capital building or equipment grants
 ✓ Junior cycle free Books scheme

 - ✓ Minor Works Grant
 - ✓ ICT Grant
 - ✓ Digital Grant
- A school can add a department where it needs to monitor the expenditure of a particular grant or income within its own school e.g. canteen, school musical, school admin charge
- Department reporting is also useful to monitor ringfenced grants & reporting on Unspent Grants
- A department can also be used to provide a breakdown of a nominal account code:
 - Income received in advance code 2105
 - **Other Subjects** ٠

Bank Reconciliations Bank Reports

Sage 50

Bank Reconciliation Process

- Date of bank rec will dictate what appears as unreconciled
- Last reconciled balance = as per BS
- Call items in order as they appear on B Statement
- Agree bank balance as you reconcile
- Run report and review
- Zero difference > then reconcile
- Press the reconcile button when complete at month end
- Never delete a reconciled item
- Nominal coding can be amended after transaction is reconciled
- Using Bank feeds > same bank rec process

☑ Run final Bank Rec report for month end☑ Check for accuracy

☑ Click Reconcile at month end

Recording school expenditure An overview

- 1. Vital school expenditure is recorded correctly in Sage 50 and is monitored against budget and Prior Year
 - Approved Purchase orders matched to goods received and the Purchase invoice
 What Dept grant is being used to fund the expense?
- 2. Sage 50 Suppliers module or recording Bank Payments
 - Code the Purchase invoice using the expenditure codes in the FSSU Chart of Accounts
 - Supplier Module V Bank Module
 - Create a Department in Sage 50 for significant school expenditure
- 3. Always review the postings to Sage 50
 - Review the list of Purchase Invoices or List of Bank Payments report in Sage 50 for accuracy of coding monthly
 - Ongoing look up of the nominal ledger activity for the expense codes all debit postings?
 - Review the Bank reconciliation report for old outstanding bank payments and adjust if appropriate
- 4. Review the Bom Income & Expenditure Report & Balance sheet

□ Compare all the expense codes against budget and prior year

5. Cross check final BOM reports

Conclusion: Regular & accurate recording

Do the ordinary things well – each month

- 1. Record all transactions carefully and have the supporting paperwork
- 2. Bank rec report for all bank accounts
- 3. Reviewing the BOM reports is vital Practice and familiarity
- 4. Review the general ledger activity report monthly
- 5. Review Accounts with principal within 10 days of month end
- 6. Make any necessary changes and run & file the final BOM Reports monthly (without fail). Cross check reports
- 7. After completing the accuracy checklist, Distribute the pack to the Board 3 days before meeting
