The Financial Support Services Unit (FSSU)

In accordance with DE Circulars [0060/2017](#) and [0002/2018](#), the FSSU supports boards of management in the Community & Comprehensive, Primary and Voluntary Secondary school sectors. The FSSU supports boards of management in complying with the provisions of the Education Act 1998 in terms of transparency, accountability, and financial responsibility for State and other funding. The FSSU also supports boards of management in meeting their compliance requirements to other regulatory and statutory bodies. The FSSU is fully funded by the Department of Education and is hosted by the Secretariat of Secondary Schools Ltd.

Introduction

Internal financial control activities assist the board of management to:

- safeguard the school's assets
- administer the school's financial affairs in a way that proactively identifies and manages risk
- help prevent and detect potential fraudulent activity
- monitor and act upon financial reporting by ensuring that proper books of account are maintained so that timely and relevant financial information can be obtained.

By their nature, internal financial controls reduce, but do not eliminate, the risk of loss. Examples of loss may occur due to human or system error, breach or override of controls, theft and fraud or other events. However, internal controls help boards of management prevent and/or detect the risk of any such loss events in a more timely manner. Internal financial controls should also be designed and implemented to help maximise value for money objectives on behalf of the school.

As the board of management is responsible for the overall system of internal control, the onus is on the board of management to decide which controls are appropriate to the size, scale and complexity of their school. The board of management should design and implement financial controls so that they are proportionate to the school's activities. This includes due consideration of any conditions or requirements detailed within specific grant funding agreements. The board of management is expected to be able to explain and justify their approach to internal financial controls where there is any departure from the good practice set out in these guidelines.

This document has been prepared as a guide for boards of management, treasurers, finance sub-committees and accounts personnel in primary and post-primary schools. It is meant as a reference document of best practice which may be consulted by school management for guidance on all aspects of finance which impinge on the operation of the school. The checklists in this manual are applicable to all areas of the school's operations including activities not funded by the Department of Education. Checklists of this nature will never be totally definitive. It is intended to keep them under review with a view to making any necessary amendments in the light of experience.

The key control questions below are intended to serve as a guide for boards of management and for the Principal to develop and implement best practice controls within their school. Where weaknesses are noted, the board of management and the Principal should seek to enhance the internal financial controls in order to align them with best practice and legal requirements.

Section 1: Income

1.1 General

Introduction

Section 15 of the Education Act 1998 requires the board of management, in carrying out its functions, to have regard to the efficient use of resources and, in particular, to the efficient use of State funds. Boards of management therefore have a statutory duty to ensure that appropriate systems and procedures are in place to ensure school financial resources, including grants, are managed appropriately and efficiently and in a manner that provides for appropriate accountability to the relevant parties.

Schools in the Free Education Scheme derive most of their income from grant funding, school generated income (for example, locker charges, administration charges), trading activities (for example, tuck shops, canteen run by the school), fundraising activities, donations, and other income. Regardless of the type or source of income, the internal financial controls for income should provide assurance that all income received is:

- accurately counted and reconciled
- banked in a timely manner
- accurately recorded in the school's accounting system
- regularly checked to ensure accounting records are accurately maintained
- held in a secure location

The key control questions below are intended to serve as a guide for boards of management and for the Principal to develop and implement best practice income management controls within their school. Where weaknesses are noted, the board of management and the Principal should seek to enhance the internal financial controls in order to align them with best practice and legal requirements.

1.2 Grants paid by the Department of Education and Other State Funding

The main source of school income for schools in the Free Education Scheme is grants payable to schools both on a per capita basis and for specific purposes.

Schools participating in the Free Education Scheme may not charge fees. Such schools receive Capitation grants. Schools which do not participate in the Free Education Scheme charge tuition fees which represent their main source of income. Many grants, such as the capitation and support services grants, are issued to schools on a per capita basis. These allocations are based on the Annual Enrolment Returns submitted each year by schools.

Many of the grants received by schools go into the general school fund to pay for school expenses. However, some grants and income received may only be used for specific purposes and should not show a surplus, for example, the School Book Grant Scheme, Bus Escort Grant, ICT Grant, etc. These specific grants are dealt with in [Section 1.3](#) below.

1.2.1 General Grant income

General Controls Checklist	Yes / No / N/A	Comment / Action Required?
a) Are the Annual Enrolment Returns approved by the Principal and chairperson of the board of management as being an accurate statement of the school's enrolment, subjects and classes at the time of submission and formally recorded at the next board of management meeting?		
b) Are banking arrangements set up to ensure that the receipt of grant income is easily identifiable?		
c) Does the school operate more than one bank account? The practice of opening different bank accounts for specific grants should be discontinued unless it is a specific requirement of that grant, for example, the School Meals Grant in excess of €10,000		
d) Is the remittance advice checked, printed and filed and any discrepancies notified to the Department of Education?		
e) Is the school using the recommended FSSU accounts package (post-primary)/reporting template (primary) and the Chart of Accounts for schools?		
f) Is all grant income appropriately classified in the accounting package/reporting template so that it is appropriately reported upon at year end?		
g) Are grants spent per the circular/legislation?		
h) Are unspent ringfenced grants carried forward to the next year? <i>See section 1.3 below</i>		
Where an alleged irregularity is identified or suspected, has it been reported promptly to the Department of Education?

1.3 Specific Grants

Some grants paid to schools are given for a specific purpose and must be spent for that purpose only. Grants in this category include the Book Grant, ICT Grant, all building and refurbishment grants and supervision and substitution grants. In these cases, the financial reports and accounts should clearly identify the receipt and expenditure of the specific grant.

A checklist for the specific grants that need to be monitored and reported upon is set out below.

1.3.1 Book Grant Scheme for Needy Pupils – applies to Senior Cycle in Post-Primary schools only

Each school year, an allocation is provided to schools by the Department of Education under its scheme of assistance for the purchase of schoolbooks for/by needy students. The grant allocation for a school year is based on the October returns for the previous year as submitted by the school.

All boards of management are required to operate the Book Grant Scheme in compliance with the Department of Education [Circular 0023/2008](#) and ensure that the funds provided have been used in accordance with the terms and conditions of the Book Grant Scheme as specified in the Circular. See below for list of relevant circulars.

1.3.4 DEIS Grant

Supports to schools participating in the School Support Programme come in many forms – additional financial assistance, enhanced grant payments, additional teaching resources, psychological and behavioural supports, access to Home School Community Liaison and School Completion Programmes and priority access to School Meals Schemes.

Schools that receive additional support and resources through participation in DEIS are expected to support the DEIS action plan through a systematic planning and monitoring process at individual school level and at school cluster/community level. A key focus is to ensure that DEIS supports, including the DEIS Grant, are targeted at those pupils most at risk of educational disadvantage. The DEIS Grant should be utilised to attain the targets set in the school's DEIS action plan across the DEIS themes. The themes to be addressed are:

- Attendance
- Retention
- Literacy
- Numeracy
- Supporting Educational Transitions
- Partnership with parents and others
- Academic outcomes (post-primary only)

The School Support Programme supports Delivering Equality of Opportunity in Schools (DEIS) and involves the following programmes:

- The Home School Community Liaison Scheme (HSCL)
- The School Completion Programme (SCP)
- The Visiting Teachers Service for Travellers (VTST)

DEIS Checklist	Yes / No / N/A	Comment / Action Required?
a) Is the DEIS Grant utilised to attain the targets set in the school's DEIS action plan across the DEIS themes?		
b) Has the school considered the following when expending DEIS funds? <ul style="list-style-type: none"> Is the item/service relevant to the actions listed on the School Plan? Will the purchase or use of the item/service assist in achieving the targets set by the School Plan? How will it assist in achieving the outcomes and can such outcomes be measured? 		
c) Are financial resources targeted at the individual pupils who are considered most at risk and at addressing educational disadvantage?		
d) Has the FSSU chart of accounts nominal codes being used to record the grant income? <ul style="list-style-type: none"> 3020 DEIS Grant 		
e) Where the DEIS Grant is used to meet ancillary costs such as heating, lighting and other miscellaneous charges, are these costs linked to the key actions listed in the DEIS action plan? <p>For example, the cost of heating and lighting for breakfast clubs operated in order to promote school attendance or an individual school may open earlier or may remain open later in the evenings to cater for clubs.</p>		
f) Does the board of management ensure that the item/service is not available/provided under an existing scheme? <p><i>See *1 below</i></p>		

*1: When considering expenditure of funds from the DEIS Grant, schools should look to other agencies and supports to identify if there are any existing schemes or support programmes available.

Schemes/support programmes to consider are those available for:

- School Uniforms – Department of Employment Affairs and Social Protection (DSP) grant
- Utility Bills – This should be met by Capitation grant funding (except for out of hours DEIS related running costs)
- School Meals – DESP school meals scheme
- CPD for Staff – Professional Development Service for Teachers
- School Books – Enhanced school book grant for post-primary Senior Cycle DEIS Schools and free schoolbooks grant for primary and post-primary Junior Cycle from the Department of Education
- Building/ICT – Minor Works Grant and ICT Infrastructure Grant available from Department of Education
- Assistive Technology - Assistive Technology Scheme available from the Department of Education

1.3.5 ICT Grant

The Digital Strategy for Schools 2021 - 2027 builds on the achievements and ambition of the previous strategy and aims to further support the school system to ensure that all learners can gain the knowledge and skills they need to successfully navigate an ever-evolving digital world.

Each tranche of funding is accompanied by a circular for the scheme to support and advise schools of the criteria and rules of the scheme. DEIS schools received an enhanced allocation under the ICT Grant scheme in recognition of the additional challenges to support those learners most at risk of educational disadvantage.

The board of management must establish a set of procedures governing purchasing and should set out the arrangements for tendering and buying of goods, payment of invoices and maintenance of accounting records.

All schools receive the grant based on their enrolment and schools are not required to submit a grant application to the Department of Education.

ICT Grant Checklist	Yes / No / N/A	Comment / Action Required?
a) Has the school a Digital Learning Plan in place?		
b) Is the Digital Learning Plan reviewed and updated on an annual basis?

1.3.6 Minor Works Grant – Primary Schools Only

The principles outlined in Circular 0062/2013 relating to the Grant Scheme for Minor Works to National School Properties should also be applied by schools in utilising this grant.

The Minor Works Grant must be spent on the physical infrastructure of the school or on items of furniture and equipment for educational use including IT related equipment.

Works covered include:

- Improvements to school buildings and grounds (items such as the replacement of windows, roof repairs, re-surfacing of the school yard, re-painting and re-decorating, improving insulation standards and improving access for all qualify under this heading)
- Improvement or replacement of mechanical and electrical services
- The purchase of standard furniture and physical education equipment
- The purchase of floor coverings and window blinds
- The purchase of IT related equipment (items such as computers, printers, overhead projectors, and photocopiers qualify under this heading).

Works not covered under the scheme are:

- Additional Classrooms: all proposals relating to the provision of additional classroom accommodation should continue to be referred to the Department of Education for approval
- Non-capital expenditure: the grant may not be used for items of a non-capital nature. This includes payment of wages or salaries, payment of bills such as ESB and telephone accounts, water rates, purchase of oil, etc.

Circular 0062/2013 provides that funding will be made available to all primary schools on the following basis:

- €5,500 basic grant plus €18.50 per mainstream pupil and €74 per special needs pupil on the rolls on the 30th of September of the year prior to the issue of the grant (the €74 rate applies to an additional needs pupil attending a special school or attending a special class attached to a mainstream school)
- Payment of the grant is decided on an annual basis.

1.3.9 Supervision and Substitution Grant (Post-Primary Schools Only)

The Department of Education pays a supervision and substitution allowance to every school where a member of their teaching staff opts out of the supervision and substitution scheme. Where a teacher opts out of supervision and substitution duties, an amount equivalent to the supervision and substitution allowance will be allocated to the teacher’s school solely for the provision of supervision and substitution duties.

The grant cannot be used to pay full-time teachers or teachers who have opted out of supervision and substitution duties for supervision and substitution on a casual/non-pensionable basis. ([Circular 006/2014](#))

This scheme relates to supervision of students on the school premises outside of specified classroom teaching time and substitution in the classroom for an absent teacher. The board of management has a responsibility to discharge its duty of care to pupils and to provide adequate supervision of pupils during the full period of time that the school is in operation.

Each school is required to keep records of the utilisation of the hours allocated under the scheme and prepare a balancing statement showing the hours allocated, the hours certified for payment and expenditure on the employment of non-teaching staff where applicable.

1.3.10 Ancillary/School Support Services Grant

Primary schools

The Ancillary Services grant covers the cost of employing secretarial and caretaker staff. This grant is paid to schools that have not been provided with secretarial or caretaking assistance under the 1978/1979 schemes.

Post-Primary schools

The Secretarial and Caretaker Grants are intended to assist Voluntary Secondary schools that have not been provided with secretarial and caretaking assistance under the 1978/1979 schemes. These schools do not receive the benefit of a full-time secretary or caretaker fully funded by the Department of Education.

The School Services Support Funding (SSSF) grant is paid to all Voluntary Secondary schools in the Free Education Scheme.

Following the FORSA school secretaries agreement, a large number of school secretaries moved onto the Department of Education payroll from September 2023. All newly recruited secretaries will now be paid by the Department of Education directly. The Ancillary Services grant/School Support Services Grant will be reduced for schools where the secretary is now paid directly by the Department of Education.

The grant is per capita, based on the enrolment numbers on 30th September in the current school year.

1.3.11 Free Schoolbooks and Administration Support Grant

In 2023/2024, the Free Schoolbooks and Administration Support grant was introduced to provide free schoolbooks for all children and young people in recognised primary schools, special schools. From the school year 2024/2025 the scheme was introduced to the junior cycle pupils in recognised post primary schools in the free education scheme.

This scheme provides all schoolbooks, workbooks and copybooks. The cost of funding schoolbooks will be removed from families. Parents will no longer be required to make any contribution towards the cost of schoolbooks, including the cost of any workbooks and copybooks. Where the funding allows, some related classroom resources may also be provided by schools under the new scheme.

Included in this grant for primary/post-primary schools was an Administration Support Grant which recognised that additional work was associated with implementing this scheme. The grant can be used to employ an individual to work for specified number of days to carry out the administrative work on the scheme.

1.4 School Generated Income

1.4.1 School Charges

The Department of Education issued [Circular 0065/2010](#) to clarify that certain charges may be requested.

The following charges may be legitimately requested:

- Payment for photocopied material provided by the school where the charge is reasonable and simply reflects the true costs concerned
- Payment for rental of schoolbooks (Senior Cycle of post-primary schools only) provided by the school where the charge is reasonable and simply reflects the true costs concerned
- Charges for meals and refreshments provided pupils are not forced to purchase same and can bring their own refreshments to school (for example, lunchbox)
- Services and activities provided by the school more than that included in the general school programme, provided the pupil can elect to avail of such services (for example, supervised after school study, school tours or visits to theatres or sporting events)

While the above is not exhaustive, the key requirement is that a school does not operate a charge, in whatever form, that is in effect a mandatory fee and contrary to the principle of not charging fees which distinguishes recognised schools in the Free Education Scheme from those recognised schools that have elected to charge fees.

A school cannot request mandatory fees or payments from existing pupils or from those seeking admission to the school.

The Minister for Education may withdraw teaching resources and other funding where a school is found, in respect of one or more existing or prospective pupils, to be in breach of the requirements in relation to the non-charging of fees.

1.4.2 After School Study

It is the responsibility of the board of management to ensure that an appropriate system of control is in place to govern after school study.

After school study can be operated in one of the two following ways:

1. Supervised study is organised through the existing administrative structure within the school by an individual(s), usually a teacher(s), on an agreed paid basis. The income from the students paying for After School Study should be sufficient to cover the cost of paying the organiser/supervisors of after school study.
2. Supervised study is organised and administered by an individual or group (who may or may not be teachers in the school) on a private enterprise basis.

1.4.4 Hire of Facilities Income

The Department of Education encourage trustees, patrons, and boards of management to make their facilities available where possible for community, education and recreation purposes. The Department recognises that the decision ultimately lies with the relevant school authority in consultation with the property owner and that the priority at all times should be the interest of the school, its teachers and pupils. This is income received from external groups for the rental of the school premises/car park/pitches etc. The board must not incur costs when hiring their facilities.

Legal Arrangements:

A legal agreement should not confer on the proposed user any legal estate or interest in the school premises or any part of it. To ensure that no tenancy rights accrue, and that the property will be available for school use if required in the future, it is recommended, where appropriate, that the agreement takes the form of a licence as opposed to a lease.

Legal advice should be sought prior to entering any agreement. The agreement should be signed by property owners/trustees/patron/Minister and the proposed user. Please note it is not the remit of the board of management to sign the legal agreements.

Statutory Requirement:

It is the responsibility of the party entitled to grant the agreement to ensure that it is a condition of the legal agreement that all relevant statutory requirements relevant to the proposed occupier including health and safety and building and planning regulations are complied with.

Section 2: Expenditure/ Purchases

2.1 What controls should be in place for expenditure?

The internal financial controls for expenditure should provide assurance that:

- all expenditure is authorised
- all expenditure is a valid expense of the school
- goods or services ordered have actually been received by the school
- expenditure is paid from funds within approved budgets
- payments are appropriately authorised
- all expenditure is:
 - › supported by sufficient documentation to verify the expenditure
 - › accurately recorded in the school’s accounting system
 - › regularly checked to ensure accounting records are accurately maintained

The key control questions below are intended to serve as a guide for boards of management and school personnel to develop and implement best practice expenditure controls within the school.

Section 3: Banking

3.1 General

Introduction

It is recommended that the number of bank accounts be kept to a minimum to ensure more efficient control and to minimise costs.

Boards of management should implement and use electronic banking ensuring it operates within the requirements of the governance document of the board of management.

All monies received by the school shall be lodged in the main school bank account which shall be registered in the name of the board of management. All bank accounts shall be used solely for the school’s banking requirements.

There are a range of payment methods available to the board of management including cheque, direct debit, credit card, credit transfer, etc. It is not permissible for the board of management to use debit cards for school expenditure as use of a debit card does not comply with the requirement for two authorisers for all school expenditure.

The internal financial controls for banking should provide assurance that:

- all bank accounts and cash are secure
- all bank accounts and cash are accurately recorded and reconciled
- all bank accounts and cash are accurately recorded in the schools accounting system
- all bank accounts and cash are used solely for the schools stated purpose.

The key control questions below are intended to serve as a guide for school management to develop and implement best practice banking controls within their school. Where weaknesses are noted, the board of management should seek to enhance the internal financial controls to align with legal requirements and best practice guidance.

General Banking Checklist	Yes / No / N/A	Comment / Action Required?

3.11 Other Schemes including Contactless and Online Transactions Systems for example PayPal, Revolut, SumUp and GoFundMe

The board of management may consider the use of other schemes including contactless and online transactions system for example PayPal, Revolut, SumUp or GoFundMe for the acceptance of income only. The FSSU does not recommend these systems for payment of school expenditure.

If the board of management is considering approving use of one of these types of systems, they need to ensure that for the purposes of making payments, the system must allow payments to be authorised by two people. If the system cannot accept two authorisers for payments, then the system should not be approved by the board of management.

However, if an agreed pre-approved amount is put through a pre-paid card, it can be used following the same controls as a petty cash account. This will have to be monitored in the same format as petty cash with a reconciliation completed monthly. The petty cash checklist should be used to ensure that best practice and internal controls are being maintained, regarding these payments.

The key control questions below are intended to serve as a guide for school management to develop and implement best practice banking controls within their school.

Where weaknesses are noted, the board of management should seek to enhance the internal financial controls to align them against any legal requirements and best practice guidance.

Contactless and Online Transactions Checklist	Yes / No / N/A	Comment / Action Required?
a) Is the online service regulated by the Central Bank or has the online service a full EU banking licence that covers Ireland?		
b) Has approval been sought from the board of management prior to these systems being used?		
c) Has the approval been recorded in the board of management meeting's minutes?		
d) Has the purpose for which the online system is to be used for and the timeline for the transfer of funds been documented and agreed by the board of management?		
e) Has the school operated normal internal controls and record-keeping applicable to income received through the online system?		
f) Are receipts/acknowledgements issued for all income received?		
g) Is the income banked/transferred to the main school bank account promptly?		
h) Is income received through the online service provider reconciled with the lodgements/transfers on the bank statements?		
i) Is the income analysis in the school accounts in line with the FSSU chart of accounts?		
j) Where payments are made using a prepaid card, are the petty cash procedures and controls followed in line with a manual imprest system?

3.12 Loans/Overdrafts or Other Forms of Debts

Loans/overdrafts or other forms of debts must be approved by the patron/trustee and should be avoided except for limited periods and where the board of management is satisfied that the overdraft/loan can be cleared by the board of management in a reasonable timeframe.

Loans/Overdrafts or Other Forms of Debt Checklist	Yes / No / N/A	Comment / Action Required?
a) Has trustee/patron written approval been sought and given prior to obtaining the loan/overdraft facility?		
b) Does the board of management maintain a listing of all loan accounts in existence?		
c) Are all loan arrangements supported by written agreements approved by the board of management?		

d) Does the board of management maintain details of repayment plans in place to repay the principle and any interest due?		
e) Are all loan accounts subject to regular reconciliation?		
f) Are all loan arrangements (including related party loans) subject to adequate levels of financial monitoring and reporting?		
g) Do the annual accounts adequately disclose details of all loan arrangements including related party loans, for example, made to/from trustees/patrons?		

3.13 Deposit Accounts

Deposit Accounts Checklist	Yes / No / N/A	Comment / Action Required?
a) Does the board of management regularly review their banking arrangements to ensure that cash balances which are surplus to immediate requirements are invested in a suitable interest earning account with their bank or other institution to generate income for the school?		
b) Is the opening or closing of any deposit accounts approved by the board of management?		
c) Are the balances on any deposit accounts reconciled regularly and included in the financial reports to the board of management?		
d) Are all deposit accounts including credit union accounts included in the annual accounts?		
e) Is there a plan in place as to how funds held in deposit accounts are to be utilised by the board of management and has this plan been recorded in the minutes of the board of management meeting?		

Section 4: Assets

4.1 Introduction

The internal financial controls for assets (primarily fixed assets and stock within this guidance) and investments should provide assurance that assets:

- Can be identified
- Are secure
- Are adequately insured
- Are accurately counted, reconciled and recorded
- Are accurately recorded in the school's accounting system
- Are used solely for the school's stated purpose.

The key control questions below are intended to serve as a guide for school management to develop and implement best practice banking controls within their school.

Where weaknesses are noted, the board of management should seek to enhance the internal financial controls to align them against any legal requirements and best practice guidance.

The board of management should establish and maintain an appropriate system of control over all assets and tangible moveable property owned by the board. For the purpose of this document, an asset is any property acquired by the school which is intended for use on a continuing basis for more than one year.

4.2 School Fixed Assets

The school's fixed assets include:

- Items of furniture such as tables, desks and chairs
- Audio/visual equipment such as televisions, DVD players, CD players and recorders and overhead projectors
- Computer equipment for both administrative and educational purposes
- Sports equipment
- Equipment for specialist subjects such as Home Economics, Woodwork, Engineering, Technical Drawing, Art and Sciences
- Office/class equipment including photocopiers and telecommunications equipment
- Books including schoolbooks and library books
- Maintenance and ground equipment such as lawnmowers and garden tools
- Vehicles

(This is not intended to be an exhaustive list).

The maintenance of an asset register is an important control to safeguard assets. Typically, the asset register will show the date of acquisition, a brief description, cost and identifying number. Entries are also made for assets being written off or disposed of by the school. Ideally, each asset should be stamped with a unique identifying number.

School Fixed Assets Checklist	Yes / No / N/A	Comment / Action Required?
a) Does the board of management have an asset register and updated annually?		
b) Is there a process in place for the maintenance of an asset register?		
c) Are policies and procedures for purchasing of assets in place?		
d) Is there a financial threshold in place for the capitalisation of expenditure as a fixed asset?		
e) Is each item stamped with the school's name and a unique identifying number when it is first received?		
f) Are fixed asset reviews carried out to check for existence and condition on an annual basis?		
g) Are records of dealing with obsolete or damaged items maintained?		
h) Are adequate insurance arrangements in place for all types of fixed assets?		
i) Is the asset register given to the external accountant when the annual accounts are being prepared?

<p>e) Does the board of management ensure that any external contractors carrying out construction services have adequate insurance and has a copy of the policy been retained on file?</p>		

4.2.2 Use of the School Premises by Outside Bodies

The use of the school premises by outside bodies considerably increases the exposure to claims for compensation over and above those arising from the use of the premises as a school. The trustees/ patrons must agree the procedures for the use of the school premises.

The board of management should establish an appropriate system of control and maintain a separate record of all lettings. Payments made to the school each year in respect of general overhead costs incurred by the lettings must be identified.

The board of management determines the circumstances in which use may be made for community purposes of the school buildings or grounds. The board of management should prepare regulations and conditions governing the terms on which school facilities may be used.

4.3 Stock

4.3.1 Stock Control

Stocks refer to class materials and other consumable goods. The board of management must establish and maintain an adequate system of stock control with the objective of ensuring that stocks of class materials and other consumables are adequately protected against loss or misuse. This must include procedures for:

- Requisitioning, ordering, receiving, checking and recording goods inwards
- Safeguarding stock – restricting access, monitoring usage and precautions against misuse, theft and deterioration
- Arrangements for dealing with damaged or obsolete items

It is recognised that because of the scale, variety and the amount of such consumables in a school, it may not be practical or cost effective to institute a formal system of stock control involving detailed stock records and stocktaking procedures.

Stock Control Checklist	Yes / No / N/A	Comment / Action Required?
<p>a) Is a list of stock maintained by each department/classroom teacher to record and identify stock levels and location?</p>		
<p>b) Are yearly stocktakes carried out for materials and other consumables, for example, woodwork and arts supplies?</p>		
<p>c) Are stock levels reviewed by the Principal prior to new orders being placed?</p> <p>This is to ensure stock levels are closely monitored to reduced waste and obsolete stock.</p>		
<p>d) Are procedures in place for requisitioning, ordering, receiving, checking and recording goods inwards?</p>

Section 5: Monitoring

5.1 Introduction

Monitoring controls are detective rather than preventative. They are controls which give assurance that systems are working or detect where problems have occurred. These include controls at Department level which might involve monitoring how grants to schools are spent and seeking reconciliation statements to explain how particular aspects of state funding are expended. Monitoring controls at school level would include annual budgets, annual accounts, monthly accounts, and reports to the board of management, guidelines on spending limits and financial liabilities, control over the opening of bank accounts and authorised signatories and the preparation of an annual audit.

Monitoring controls at school level will include the following:

- Review and approval of annual accounts by board of management
- Review and approval of the annual school budget by the board of management
- Review of monthly accounts and comparison of budget versus actual income and expenditure by the finance sub-committee/treasurer and board of management
- Review of annual accounts and comparison of budget versus actual income and expenditure by the board of management
- Approval and control over the opening of bank accounts by the board of management and the use of bank mandates to determine authorised signatories and approved payments approval limits
- Preparation of annual accounts by registered auditors/accountants for all schools in accordance with procedures laid out by the Department of Education and the FSSU
- Ensure all transactions comply with all legal, taxation and Department of Education requirements

The key control questions below are intended to serve as a guide for boards of management and for the Principal to develop and implement best practice monitoring controls within their school. Where weaknesses are noted, the board of management and the Principal should seek to enhance the internal financial controls in order to align them with best practice and legal requirements.

5.2 Budgeting

A budget assists the board of management in effective decision making to manage finances on a day-to-day basis. A budget assists with controlling the board of management's financial resources and maximising the use of available resources. It is an estimation of planned events expressed in monetary terms which enables financial planning to ensure efficient running of the school.

Boards of management are required to prepare an annual budget each year. Post primary boards must submit the approved budget to their patron/trustee by the date outlined by the patron/trustee. Primary boards submit the budget to their patron if requested to do so by the patron. The budget process should be completed by the end of May/June. **The FSSU does not require a copy of the school budget.**

5.2.1 Budget Checklist

Budget Checklist	Yes / No / N/A	Comment / Action Required?
a) Has a school representative attended the annual FSSU Budget Webinar or viewed a recording of the FSSU Budget Webinar?		
b) Has the treasurer/finance sub-committee prepared/reviewed the annual budget?		
c) Has the board of management approved the annual budget?		
d) Does the budget show a surplus? Where there is a budgeted deficit, has the patron/trustee been informed?		
e) If requested, has the board of management forwarded a copy of the annual budget to the school patron/trustee?		
f) Does the board of management compare year to date income and expenditure to the annual budget at each board of management meeting?

5.3 Principal's Financial Responsibilities in Post-Primary Schools

The school Principal has an important role in the finances of the school. The list below is not exhaustive. However, there is no implication that the Principal has to physically carry out all of the tasks outlined below. Many of these tasks can be delegated but only under the guidance of the Principal. It is the responsibility of the school board of management to ensure that the necessary structures are in place as the board is responsible for all business carried on/in connection with or on account of the school.

Principal's Financial Responsibilities Checklist	Yes / No / N/A	Comment / Action Required?
a) Is the Principal aware of the duties of the finance sub-committee and accounts secretary/clerk officer?		
b) Does the Principal ensure that proper books of account are kept in line with best practice guidelines?		

c) In consultation with the finance sub-committee does the Principal ensure that expenditure does not exceed income unless with trustee/patron approval?		
d) Does the Principal ensure the annual budget is prepared?		
e) Does the Principal ensure that the recommended month-end reports including a bank reconciliation statement for each school account are prepared once a month?		
f) Does the Principal meet with the accounts personnel to review the month-end reports within 10 days of the month-end?		
g) Does the Principal ensure that school income and expenditure is monitored on a regular basis and in particular in comparing actual income and expenditure to budget?		
h) Does the Principal ensure that financial reports are submitted at each finance sub-committee and board of management meeting?		
i) Does the Principal ensure the segregation of duties as far as possible in all financial matters?		
j) Does the Principal ensure that proper purchasing procedures are in place, for example, checking order books, delivery notes and invoices?		
k) Does the Principal sign off on all documentation relating to financial transactions and purchasing?		
l) Does the Principal ensure a proper system of stock control is in place where necessary?		
m) Does the Principal monitor all grants from the Department of Education?		
n) Does the Principal ensure that all payments made to the school are properly receipted and recorded?		
o) Does the Principal ensure that proper financial controls are in place for Parents' Associations/Councils, Past Pupils' Unions and other organisations operating in the name of the school?		
p) Does the Principal approve all wages and salaries paid to school employees and ensure that proper records are maintained?		
q) Does the Principal ensure that all remuneration payments made by the school are Revenue compliant?		
r) Does the Principal ensure that all relevant documentation and payments to the Revenue Commissioners are returned, on a timely basis?		
s) Does the Principal ensure a proper fixed assets register is maintained?

5.4 Finance Sub-Committee Responsibilities

The board of management of a post-primary school is required to set up a finance sub-committee which includes the Principal. This is optional for primary schools. The finance sub-committee monitors the financial affairs of the school and makes recommendations to the board of management as appropriate.

Monitoring Arrangements- Finance Sub-Committee	Yes / No / N/A	Comment / Action Required?
a) Has the board of management appointed a finance sub-committee?		
b) Does the finance sub-committee comprise of the Principal and at least two other board of management members? (The board of management may invite a non-board member with financial expertise to be co-opted to the committee also if required).		
c) Has the board of management agreed the terms of reference and functions of the finance sub-committee? (See sample terms below)		
d) Has the board of management agreed the tenure of the finance sub-committee? (normally coincides with the term of the board of management)		
e) Has the finance sub-committee prepared and reviewed the annual budget of the school?		
f) Has the finance sub-committee presented the annual budget to the board of management for approval?		
g) Is the finance sub-committee satisfied that adequate books and records are maintained in the school?		
h) Does the finance sub-committee meet before every board of management meeting?		
i) Is there an agenda prepared for the finance sub-committee meeting?		
j) Is the finance sub-committee satisfied that the FSSU recommended accounting package is in place?		
k) Are the following FSSU recommended financial reports prepared for the finance sub-committee at least 3 days before the board of management meeting: <ul style="list-style-type: none"> • List of balances on all school bank and cash accounts • A bank reconciliation statement for each bank account • Payments and receipts listings for each bank account • Income and Expenditure Account Report showing actual versus budgeted figures • Balance Sheet Report

5.5 Responsibilities of the Treasurer (Primary Schools Only)

The board of management of a primary school must elect a treasurer from amongst its members. The list below is not exhaustive. However, there is no implication that the treasurer must physically carry out all the tasks outlined below. Many of these tasks can be delegated, for example, to the school secretary who, in many schools, maintains the accounting records under the guidance of the treasurer. It is the responsibility of the school board of management to ensure that the necessary structures are in place as the board of management is responsible for all business carried on in connection with or on account of the school.

Monitoring Arrangements- Treasurer	Yes / No / N/A	Comment / Action Required?
a) Has the board of management elected a treasurer from its members? (The chairperson, principal or teacher nominee cannot be the treasurer)		
b) Does the treasurer draw up/review the annual budget of the school?

5.7 Annual Financial Accounts and Online Submission

In line with Section 18 of the Education Act 1998, a 'board shall keep all proper and usual accounts and records of all monies received by it or expenditure of such monies incurred by it and shall ensure that in each year all such accounts are properly audited or certified in accordance with best accounting practice'.

A standardised format for the preparation of annual accounts has been approved by the Department of Education. The annual accounts must be prepared using the chart of accounts developed by the FSSU. The FSSU will only accept accounts that are prepared using the approved format. The annual accounts should be prepared for the year ending 31st of August each year to coincide with the academic year. A system of online submission of accounts has been approved by the Department of Education and is in operation in the Community & Comprehensive's, Primary and Voluntary Secondary school sectors. Accountants/auditors will access a secure online cloud-based system to input the board of management's trial balance and to upload the PDF copy of the approved accounts. This process will ensure compliance for the board of management with the Department of Education, the Central Statistics Office and the Charities Regulator.

The deadline for the submission of the annual accounts is the 28th of February.
